About MT Educare

- In 1988, Mahesh Shetty, a young teacher, started Mahesh Tutorials with a mission of revolutionizing education and transforming lives.
- In its 25th year of existence, MT Educare was awarded as one of the ‘Top 200 Forbes Asia Best under a Billion’ Company.
- Using the new Learning Management System (LMS), the company is now introducing its Flipped Classroom model.
- MT Educare is a national player with a multi-state presence and a diverse product portfolio -digital content delivery and 24 x 7 online support for the courses offered.

ABOUT ROBO-CHAMPS OLYMPIAD 2019

- It's a talent search exam for 8th, 9th, 10th & 11th class students, which grills students on basics of mental ability and checks their conceptual clarity as well as their command over current subjects .
- This test offers every student a platform to compete with best of the brains of Tri-City, Haryana, Punjab, Himachal & Maharashtra and provides a focused student with holistic benchmarking of his/her academic performance.
- It gives students a chance to win fabulous prizes and scholarships for joining Lakshya Forum for Competitions for regular classroom courses at our centers. All participants would be getting detailed analysis report, participation & merit certificates, post-test counselling sessions in nearest Lakshya centers.
- Shortlisted students of every school from Stage-1 will compete with one another in Stage-2 for bigger rewards & benefits.
