GENERAL APPROACH

LAKSHYA'S APPROACH

01 One Teacher

02 One Book

03 Multiple
Revision

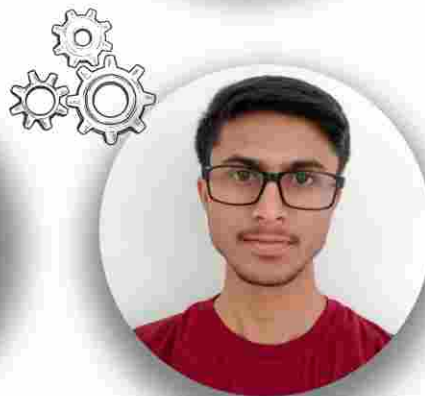

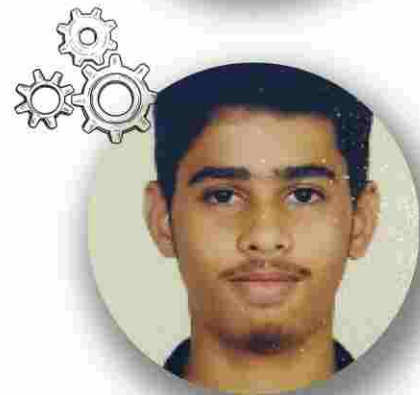

The Lakshya Institute adopts a distinct approach i.e. 1T1BMR to exam preparation, emphasizing the use of a **single teacher** and **one core textbook** per subject, coupled with **multiple revisions**. This method contrasts with the common practice where students often rely on various teachers and multiple books, leading to less emphasis on revision. Lakshya's focused strategy, recognizing the constraints of limited time, aims to optimize learning and reinforce understanding, thereby contributing to **better exam results**. This approach underlines the importance of depth and mastery in learning over breadth, which can be crucial in competitive exams like **NEET and JEE**.
